Gretchen is out of the office until Monday. Julie also seems to be out, so we may have to wait until Monday.

Hi Julie –

Good morning. When you get the chance please let us know how the City Council meeting went and any news about Ordinance #354.

Thanks

Christine asked if I had a marked up version to see the changes. I probably should have sent it originally... but it is attached now. The changes and additions are highlighted in yellow.

Hi All -

As a follow-up to our May 14 call, let's have a call to check-in on the contingency measures (CM) for the Portola PM_{2.5} plan. As you are probably already aware, the Center for Biological Diversity filed a complaint to compel EPA to "take final action either approving or disapproving the contingency measures" in the Portola plan. The primary purpose of the call is to discuss the status of the attainment CM and RFP milestone report.

Please let me know if you have any questions or other topics we should cover. Thanks.
